

Automotive Mechanics

About Us:

Founded in 1980, Mobile Parts has become a major manufacturer supplier of parts, equipment, and services to the mining industry. We ship to more than 35 countries from our over 100,000 square foot complex in Sudbury, Ontario, Canada. We're a full-service company with ISO certification, more than 45 employees, and an inventory of more than 18,000 parts, always in stock.

We are currently looking to hire **Heavy Duty (HD) Mechanics** to join our Sudbury team.

Responsibilities:

- Assemble of build special purpose vehicles (SPV) according to specs and build sheets/instruction
- Troubleshoot and diagnose any issues with SPV
- Maintain appropriate records (i.e. inspection sheets)
- Build/repair various mining component parts
- Repair/overhaul customer units
- Clean, lubricate, and perform other maintenance work

Qualifications and Experience

- Mechanic (Auto or HD) Certification or equivalent technical certification or diploma in mechanical field (preferred)
- Experience with mining industry specific equipment (asset)
- Ability to read and interpret equipment schematics
- Lifting up to 50 pounds (assistance always available)
- Able to stand 90% of the time
- Ability to work overhead for prolonged periods
- Ability to work in a team environment
- Strong written and verbal communication skills
- Self-motivated and drive to achieve customer satisfaction

Compensation:

Mobile Parts offers a comprehensive total compensation package including a competitive benefits package and pension plan. In addition, we provide opportunities for professional development and career advancement.

All applicants are thanked for their interest; however, only those selected for an interview will be contacted.
